Dear Ms. Holsman,

Pursuant to the U.S. Freedom of Information Act, I write to request copies of all air quality permits and air emission registrations for Southside Dairy, Castle Grove Dairy, Sunnyside Dairy, Dr. Bill Wavrin, Steve Bangs and Kees Vandenburg on the Yakama Reservation that were issued from 1990 to the present.

If your agency does not maintain these public records, please let me know who does and include the proper custodian's name and address.

If the Environmental Protection Agency contends that any responsive material is exempt from disclosure, please provide a redaction log containing a description of each redaction or document withheld, the statutory basis for each redaction or withholding, and an explanation sufficient for us to ascertain the applicability of each claimed exemption (e.g. a summary of the document's contents, the date of its creation, the parties who participated in drafting it, the parties to whom it was disseminated, etc.). RCW § 42.56.210(3); WAC 44-14-04004(4)(b)(ii); *PAWS v. Univ. of Wash.*, 125 Wn.2d 243, 270-71 (1994).

If the cost would be greater than \$50.00, please provide me with an explanation of the costs and your justification of them in advance.

As provided by the open records law, I will expect your response within five (5) business days of the date of this request. RCW § 42.56.520.

Thank you for your assistance.

Sincerely,

Jean Mendoza
